This Council (GPIC) is a coalition of faith leadership or their representatives from the religious communities in Peterborough and surrounding towns, along with representatives of the civic communities as deemed appropriate. Representatives from all faiths are welcome at all meetings.

The Mission Statement of the Council:

In recognition of our common spiritual foundation, respecting the diversity of our individual cultures, traditions, and beliefs, we gather as an interfaith fellowship of faith communities, organizations, and individuals for the purpose of:

1. Promoting religious faith and basic religious freedoms for all people.
2. Promoting harmony and fostering greater understanding and respect between faiths.
3. Engaging in joint initiatives and activities, such as humanitarian service, that bless the lives of those in need in our communities and beyond.
4. We, as a council, are a nonpartisan group and will not support or oppose political parties or candidates.

Special thanks to Pete Naylor of The Church of Jesus Christ of Latter-day Saints for the media support for this event.
